

NATIONWIDE MARCHES AGAINST MASS MIGRATION

PARLIAMENT HOUSE STEPS 12PM, OCTOBER 19TH

WHAT ARE YOU PASSING ON TO YOUR CHILDREN?

A NATION WITHOUT FAIR WAGES

Not Enough Nurses? Instead of raising wages to attract more Australians, the government imports nurses from the third world – who are happy to work for less! Fair wage demands get ignored. This applies to any and all industries. Don't count on unions, because diverse workplaces are less likely to unionise¹.

More Migration = Bigger Labour Pool = Weaker Bargaining Power for Australian Workers

A NATION WITHOUT HOUSING

What do you think adding 7 million people to Australia's population in 20 years does? Our housing shortfall is not a supply issue - it's a mass migration issue. We will never meet demand, when demand is infinite.

A NATION WITHOUT SAFETY

In Victoria, we've seen Africans murdering 12-year-olds by cutting their hands off with machetes². In Queensland, we have grandmas being stabbed to death in front of their own grandchildren³. Widespread home invasions mean that Australian families don't even feel safe in their own homes. Did you always lock your doors?

A NATION WITHOUT COMMUNITY

Make no mistake, when housing in your community is sold to foreigners, those foreigners are directly displacing your own children. What is 'community', when your children need to move hours away from where they grew up. What is 'community' when you don't even speak the same language as your neighbours?

A NATION WITHOUT IDENTITY

The Liberals and every other established party refuse to call for migration policy that preserves our demographics. Australia could become 95% Indian and they wouldn't care. If Australia became 95% Indian, would it still be Australia? What does it mean to be 'Australian', when supposedly all it takes is stepping off a plane?

YOU OWE IT TO YOUR CHILDREN

Join hundreds of thousands of Australians, in marching for Australia, across all capital cities nationwide.
Meet at Parliament House Steps on October 19th at 12PM.
